

Unconditional Guarantee

*If you are not completely satisfied with your **PEAK** contractor after one week, **PEAK** will replace your contractor with no charge for work performed.*

Our focus, coupled with our proven **PEAK** process and clear understanding of your needs, guarantees that we won't waste your time with off-purpose resumes. We focus in high-demand technical disciplines and CAD platforms. Our proactive recruiting approach to building a **Quality List** of specialized technical professionals – *before* you need them – enables **PEAK** to present you with quality candidates with little or no turnaround time. Professionals who qualify for **PEAK**'s exclusive **Quality List** represent the best of the best in the marketplace.

Contract Technical Staffing is our core competency. All of our people, processes and technology are dedicated to delivering to you the right person in the right place at the right time. We are confident we can help you select the contract technical professional that is right for you!
